

We have been provided clearance to release information on the NEW Z-PASS MOBILE APP!

 On your smartphone, download "Zonar MyView" from the Apple Store or Google Play (Android).

 Create an account.

 Enter the access code: MSD2054

 Enter your student's bus information (can be found on Infinite Campus-Parent Portal under "Transportation")

 Enter your student's district ID number (Can be found on Infinite Campus-Parent Portal if you call)

New Features:

✓ You will be able to create your own "Alert Zones" by setting checkpoints on a Google Map. You will get a notification on your phone when the bus is within that zone. I would recommend setting up an "Alert Zone" around MEC/CE Cole and your home address (or the address in which your student will be picked up and/or dropped off).

✓ You will be able to see a live GPS tracking of the location of the bus. Please know that it is delayed.

Reminders:

☒ Please DO NOT try to track down your child's bus using the GPS feature. The location of the bus is often delayed. It is very important that you remain at your assigned stop to receive your child off of the bus.

☒ You should receive a notification IF your student scans ON and OFF the bus. We are constantly working with BCIU and communicating with the students to not forget to scan. It may be a couple days until students remember this routine.

☒ Unfortunately this APP is not supporting those students that are WALKERS or FAMILY PICKUP. We are working with BCIU to have this corrected. For now, only those students that ride a bus will show up on this APP.

☒ It takes about 12 hours from the time you establish your account until it begins working. If you set this APP up tonight, it may not work for tomorrow morning. Please give it a full day until you begin reporting challenges.

Thank you for your patience while BCIU was working to get this new APP up and running. We will no longer be posting bus departure times on the Bus Class Dojo pages.

For any questions: Please contact Mrs. Cathy Mitchell on Class Dojo.
